

Craven County Schools Graduation Project Expectation Agreement

Description: Craven County Schools Graduation Project (CCSGP) is a multi-year culminating project.

Student

Requirements:

The CCSGP includes:

1. A research paper.
2. A product.
3. A portfolio with a reflective component.
4. A presentation.

The project:

Requirements of the project include:

1. Knowledge and skills attained from courses.
2. Sufficient depth to require an extensive review of the literature.
3. Involvement of academic advisor and/or mentor assistance and interviews.
4. Links to the product.

The student:

Will:

1. Develop a written proposal (topic, driving question, and thesis statement) to be approved by the academic advisor.
2. Select and research a topic of interest, develop a research paper, and complete a product that is reflective of the CCSGP topic.
3. Write, speak, solve problems, and use real life skills, such as time management and organization.
4. Work with the academic advisor and/or mentor in collaboration with other community partners, business representatives and other school-based personnel in the development of the CCSGP.
5. Turn in a completed research paper, product, reflective portfolio (including work logs), and other evidence at the time designated by the academic advisor.
6. Present the completed components of the CCSGP before a review panel composed of teachers, community partners, business representatives, or other school personnel.

I, Asya Taylor, have read and understand the above requirements involving the Craven County Schools Graduation Project. I agree to abide by the requirements. I will conduct myself with the utmost professionalism in working with school and community leaders. I understand that it is necessary for me to work with my mentor, if applicable, outside of regular school hours. I realize that my success will depend on my ability to work between school and community resources. I understand that if any CCSGP component (paper, product, portfolio, and presentation) is less than satisfactory I will not meet graduation requirements for Craven County Schools. Each component of the CCSGP depends on the other three components; therefore, I understand in order to complete the entire CCSGP requirement, I must successfully complete all components.
